Parking Lot Update

In 2019, it was determined that the camp required a new parking area . The Board determined that the only place to establish a parking area was on the playing field near the existing entrance from the road. Permissions for the parking lot and improved entrance were granted by Upper Thames River Conservation Authority and the County of Perth, and the majority of the project was completed in the spring of 2022.

This endeavour to ensure the safety of our campers and families cost over \$75,000. We are currently raising funds to cover the costs of this project. Consider making a donation.

Donations

The last two years of camp have been greatly impacted by the the COVID-19 pandemic. The programs were altered greatly and in turn, reduced our income severely. We had major fixed expenses that still needed to be paid during this time period.

Please consider making a donation to help cover the costs that were incurred and help Camp Bimini head into the future stronger.

Please print this Financial Donation Form and send in with your donation or email it to

Creating a Legacy

Camp Bimini treasures our many generous donors. We are proud of how much we have been able to accomplish with funds entrusted to us. Yet the need for funds is constant.

Creating a legacy through a bequest in your will or other planned gift such as a charitable annuity or a gift of life insurance is a simple and thoughtful act that reflects your commitment to Camp Bimini, your concern for future generations, and your love for the camping world. The best part of planned giving is that you have the comfort of knowing that you have provided for the future of something you care about very dearly. A successful planned giving program can help to fulfill our inherent desire to give. One of the real blessings of planned giving is that it benefits both the giver and the recipient. For more information, please email treasurer@campbimini.ca
